# Md Abdul Mamun

Frontend Developer | React.js | Next.js | Vue.js | Nuxt.js | TypeScript  
| Tailwind CSS  
Dhaka, Bangladesh

## Summary

I am a Frontend Engineer with over 3 years of professional experience, specializing in building high-performance, scalable web applications. I have extensive expertise in React and Vue, and have successfully delivered diverse projects, including Learning Management Systems (LMS), E-Commerce platforms, and AI-driven solutions, ensuring seamless user experiences and client satisfaction. Working as part of a dynamic team in a tech company, I continuously strive to enhance my skill set and stay at the forefront of industry trends, while delivering impactful solutions tailored to business needs.

I Have worked with the following technologies:

- HTML5, CSS3, Bootstrap, Tailwind CSS, Rest-API
- JavaScript, TypeScript, Python, OOP, Data Structure
- React.js, Next.js
- NuxtJs, VueJs, Vuex, Penia
- Some Konowledge in Node.js, Express.js, MongoDB, MySQL, Django

---

## Experience

### Developer eXperience Hub

3 years 8 months

#### Frontend Engineer (L1)

September 2023 - Present (2 years 2 months)

Rajshahi, Bangladesh

- Collaborated with a multidisciplinary team to develop and maintain diverse projects, including Learning Management Systems (LMS) and E-Commerce platforms.
- Utilized modern frontend technologies, such as React, Next.js, Redux, Vue, Nuxt , and TypeScript, to build high-performance, responsive user interfaces.

- Implemented advanced state management techniques using Redux, Pinia and Vuex for scalable application development.
- Developed reusable components and maintained a consistent UI/UX across multiple platforms using Tailwind CSS and Vuetify.
- Focused on enhancing performance and optimizing code through JavaScript ES6+ best practices.
- Collaborated in agile environments, participating in daily stand-ups, code reviews, and sprint planning sessions.
- Continually explored new technologies and frameworks to enhance development capabilities.

### Junior Frontend Developer

September 2022 - August 2023 (1 year)

Rajshahi, Bangladesh

I worked and still working with the team of DEVxHUB where I build different types of projects by using React, vue2, nuxt2, vue3, and next3. d3, html, css etc..

### Junior Frontend Developer

March 2022 - August 2022 (6 months)

Rajshahi, Bangladesh

- Joined as a Front-end Developer intern, contributing to the design and development of client-facing applications.
- Assisted in debugging, code refactoring, and optimizing web applications.
- Gained hands-on experience with HTML5, CSS3, JavaScript, React.js, Vue.js, Nuxt.js and Version Control tools like Git
- Learned foundational principles of responsive design and cross-browser compatibility.
